INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Iowa Agency for Municipal Wind
Ankeny, Iowa

We have audited the accompanying statements of cash receipts, disbursements and changes in cash basis net assets of Iowa Agency for Municipal Wind as of and for the year ended and fourteen months ended December 31, 2010 and 2009. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note A, these financial statements are prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash basis financial position of Iowa Agency for Municipal Wind at December 31, 2010 and 2009 and the changes in its cash basis financial position for the year and fourteen months then ended in conformity with the basis of accounting described in Note A.

The Agency has not presented Management's Discussion and Analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

To the Board of Directors
Iowa Agency for Municipal Wind

In accordance with Government Auditing Standards, we have also issued our report dated June 13, 2011 on our consideration of Iowa Agency for Municipal Wind's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and important for assessing the results of our audit.

The accompanying notes are an integral part of these statements.

IOWA AGENCY FOR MUNICIPAL WIND
Notes to Financial Statements
December 31, 2010 and 2009

NOTE A - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES

1. Reporting Entity

The Iowa Agency for Municipal Wind (IAMWind) is a political subdivision of the State of Iowa organized pursuant to Chapters 28E and 476A of the Code of Iowa 2007, as amended. As a political subdivision, it is exempt from income taxes. IAMWind is a municipal joint action agency established by a group of Iowa cities and their municipal utility organizations. IAMWind's Bylaws state: "The purpose, power and function of the IAMWind is to provide a means for municipal utilities and other qualified political subdivisions to develop wind energy projects for the benefit of members and to utilize to the full extent possible all powers granted by Chapters 28E and 476A, Code of Iowa 2007, as amended, to promote the interest of members in the operation of their utilities through the development and implementation of projects on a joint basis." Any city utility or electric power agency organized as a political subdivision may become a member of the IAMWind by making application for membership and agreeing to comply with the rules and regulations of the organization. IAMWind is governed by a Board of Directors consisting of one director per participating member in good standing. Directors represent municipal electric joint action agencies across Iowa, as well as independent municipal utilities who are not affiliated with any joint action agency.

2. Basis of Accounting

IAMWind maintains its financial records on the basis of cash receipts and disbursements and the financial statements of IAMWind are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present the financial position and results of operations of IAMWind in accordance with U.S. generally accepted accounting principles.

3. Basis of Presentation

The accounts of the Agency are organized as an Enterprise Fund. Enterprise Funds are utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services supported by user charges.

Enterprise Funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from member contributions, providing services, and producing and delivering goods in connection with an Enterprise Fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

IOWA AGENCY FOR MUNICIPAL WIND
Notes to Financial Statements
December 31, 2010 and 2009

NOTE B - DEPOSITS AND INVESTMENTS

The Agency's deposits at December 31, 2010 were entirely covered by federal depository insurance or the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds. The investments are all insured, registered, or held by the Agency or their agent in the Agency's name.

The Agency is authorized by statute to invest public funds in obligations of the United States Government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors and the Treasurer of the State of Iowa; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district. The Board of Directors has further restricted investments to qualified bank instruments, and the Iowa Public Agency Investment Trust (IPAIT).

Investments are stated at fair value. The Agency had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$215,178 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk. The Agency's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 90 days. The Board of Directors may authorize investment of funds with maturities longer than 90 days.

Credit risk. The investment in Iowa Public Agency Investment Trust is unrated.

Concentration of credit risk. The Agency places no limit on the amount that may be invested in any one issuer.

NOTE C - PROJECT STATUS

The Agency was originally formed to provide a means for its members to develop, build, and operate a wind energy project. During the project development stage, members representing the majority of the interest determined it would be in their best interest to end participation before the building and operation phases of the project would be started. Subsequent to December 31, 2010, the members' efforts turned to optimizing the value of the project while minimizing expenditures, and the members decided to make the assets available for sale. A request for bids (RFB) was issued in April, 2011 and responses have been received and are being reviewed. If none of the bids are satisfactory, the Agency can reject them and either retain the project assets for members' future use, or consider additional marketing and sale of the assets at some future date.

IOWA AGENCY FOR MUNICIPAL WIND
Notes to Financial Statements
December 31, 2010 and 2009

NOTE C - PROJECT STATUS - Continued

The agreement with the organization hired to assist in developing the project includes clauses defining the distribution of any proceeds from the sale of the project within a defined timeframe. If the project assets are sold before a defined "stop date," after payment of any and all outstanding bills, the members would receive a refund of their contributions, with any remaining proceeds to be distributed according to contract provisions. After the "stop date," all proceeds of a project sale would be distributed to members in a manner determined by the Agency Board.

NOTE D - MEMBER CONTRIBUTIONS

Below is a list of contributions by member for each period:

<u>Member</u>	Year Ended December 31, 2010	Fourteen Months Ended December 31, 2009
Atlantic Municipal Utilities	\$ 15,606	\$ 54,654
Algona Municipal Utilities	10,404	36,436
City of Ames	56,440	197,665
City of Auburn	2,601	10,402
City of Breda Electric System	1,300	4,555
Cedar Falls Utilities	65,024	227,725
City of Eldridge	10,404	36,436
City of Fairbank	2,601	9,109
City of Glidden	1,300	5,848
Muscatine Power and Water	52,019	208,050
City of Stratford	1,300	5,848
City of Tipton	5,202	23,392
West Point Utility System	1,301	4,555
South Iowa Municipal Electric Cooperative Association	65,024	227,725
West Iowa Municipal Electric Cooperative Association	5,202	18,218
Member overpayment	--	4,554
	<u>\$ 295,728</u>	<u>\$ 1,075,172</u>

The 2009 contributions include an overpayment by one member which was refunded during 2010. As funds are required for the project development, each member is notified of its required contributions, based on megawatt usage subscriptions.

During 2010, the City of Ames completed its financial obligations and withdrew its membership from the Organization.

IOWA AGENCY FOR MUNICIPAL WIND
Notes to Financial Statements
December 31, 2010 and 2009

NOTE E - CONTINGENCIES

Risk Management

The Organization is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage during the Organization's existence.

Expenditure Classification

Expenditures are recorded when paid under the cash receipts and disbursements basis of accounting. The wind project development services expenditures of \$610,712 for 2009 include unused (as of December 31, 2010) deposits totaling approximately \$250,000, with Midwest Independent Transmission System Operator Inc., for studies to be done regarding eventual transmission line availability and usage.

Subsequent Event

The Agency has evaluated all subsequent events through June 13, 2011, the date the financial statements were available to be issued. See Note C regarding project status.

Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board of Directors of
Iowa Agency for Municipal Wind
Ankeny, Iowa

We have audited the financial statement of Iowa Agency for Municipal Wind as of and for the year ended December 31, 2010, and have issued our report thereon dated June 13, 2011. Our report expressed an unqualified opinion on the financial statement which was prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Iowa Agency for Municipal Wind's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing our opinion on the effectiveness of Iowa Agency for Municipal Wind's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses, and, therefore, there can be no assurance all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Agency's financial statements will not be prevented or detected and corrected on a timely basis.

To the Board of Directors of
Iowa Agency for Municipal Wind

A significant deficiency is a deficiency or combination of deficiencies in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in Part I of the accompanying Schedule of Findings as item 10-I-A to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Iowa Agency for Municipal Wind's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Iowa Agency for Municipal Wind's response to findings identified in our audit is described in the accompanying Schedule of Findings. While we have expressed our conclusion on the Agency's response, we did not audit the Agency's response and, accordingly, we express no opinion on it.

This report, a public record by law, is intended solely for the information and use of the officials and constituents of Iowa Agency for Municipal Wind and other parties to whom the Agency may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

Gronewald, Bell, Kuhlman & Co. P.C.

Atlantic, Iowa
June 13, 2011

IOWA AGENCY FOR MUNICIPAL WIND
Schedule of Findings
Year Ended December 31, 2010

PART I - SIGNIFICANT DEFICIENCIES

10-I-A Segregation of Duties: A limited number of people have the primary responsibility for most of the accounting and financial duties. As a result, some of those aspects of internal accounting control which rely upon an adequate segregation of duties are, for all practical purposes, missing in the Agency. However, this situation is common in small organizations.

Recommendation: We recognize that it may not be economically feasible for the Agency to contract for additional personnel for the sole purpose of segregating duties, however, it is our professional responsibility to bring this control deficiency to your attention. We recommend that the members be aware of the lack of segregation of duties and that they act as an oversight group to the accounting personnel.

Response: The members are aware of this lack of segregation of duties, but it is not economically feasible for the Agency to contract for additional personnel for this reason. The members will continue to act as an oversight group.

Conclusion: Response accepted.
